Dear Hiring Manager,

I am writing to express my interest in the ICT Specialist position. With more than 15 years of experience in IT infrastructure management, web development, and data analytics, I bring strong technical expertise in designing and implementing scalable digital systems that support organizational growth and innovation.

In my current role as Infrastructure Director at Nib International Bank, I manage enterprise IT infrastructure, oversee network operations, and lead strategic technology initiatives that improve system reliability, security, and efficiency. I have successfully implemented infrastructure upgrades, disaster recovery strategies, and cloud-based solutions that support business continuity.

In addition to my leadership role, I work as a freelance web developer and data analyst, developing modern websites, e-commerce platforms, and data-driven dashboards for organizations. My technical skills include HTML, CSS, JavaScript, PHP, MySQL, SQL, and cloud technologies, allowing me to build complete digital solutions from concept to deployment.

I am passionate about leveraging technology to improve operations, drive digital transformation, and deliver reliable ICT solutions. I would welcome the opportunity to contribute my experience and technical leadership to your organization.

Thank you for your time and consideration. I look forward to the opportunity to discuss how my skills and experience can support your team.

Sincerely,

Hailu Girma Bizani
